

Vibe Board S1

The Premium Teaching Companion for K12 Education

What is Vibe?

- A giant "iPad" with all your go-to educational apps
- An easy-to-use smartboard to ignite active learning
- A cloud-based platform for best hybrid teaching
- A portable display for versatile classroom settings

Why Choose Vibe?

- **Best efficiency:** Vibe Board is user-friendly and compatible with various devices, primed for immediate classroom use.
- **Best integration:** Vibe's open ecosystem with 250+ vetted apps, designed for all school subjects.
- **Best versatility:** Vibe enhances teaching with multimedia, adaptable for onsite, remote, and hybrid modes.
- **Effortless management:** Plug-and-play functionality. No-fuss setup, training and maintenance.

Guest Lectures

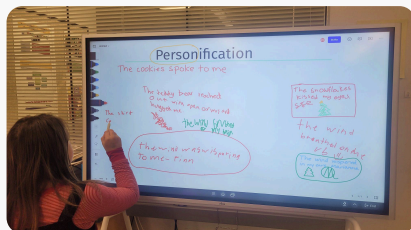

@Jordan Orosco
Math Teacher

Vibe is an **all-in-one teaching** solution built for next level visual communication, class engagement and student collaboration!

@Riego Castillo
ELP Teacher

It should be the kids **manipulating the board** and the teacher just facilitating. The Vibe makes this possible.

Presentation

@Ryne Anthony
Director of Fluxspace

As an educator, I'm most excited about having Vibe be used around the **whole learning environment**.

@Amy Migura
Assistant Principal

We love our Vibe Boards! They **connect seamlessly** with our technology, are **user friendly**, and even our youngest students can use them to learn.
